You're great at the trade. The part that kills you is everything else — estimates, follow-ups, scheduling, and finding the next job. AI handles the business side so you can stay on the tools.

The Biggest Time-Wasters in Your Business

- | | |
|---|--|
| • Writing estimates and proposals takes hours away from job sites | • Online presence is weak — leads go to competitors who show up first |
| • Following up on quotes consistently is nearly impossible | • Customer communication between jobs is inconsistent |
| • No-shows and scheduling gaps cost real money every week | • New crew members take too long to learn your processes and standards |
-

Where AI Makes the Biggest Impact

Estimate & Proposal Drafting

AI generates professional, detailed estimates and project proposals from

Lead Follow-Up Automation

Automated text and email sequences follow

Google Business Optimization

AI writes your profile, responds to reviews, and creates weekly

your notes in minutes — not hours.	up on every quote until you get a yes, no, or reschedule.	posts to push you above competitors in local search.
------------------------------------	---	--

Job Site Communication	Crew Onboarding & SOPs	Seasonal Lead Campaigns
Automated client updates at key milestones — job started, inspection passed, completion date confirmed.	AI-generated safety checklists, process guides, and training docs so new crew members ramp up faster.	AI drafts email and text campaigns for slow seasons — spring HVAC tune-ups, fall gutter cleaning, winter prep.

Quick Wins — Start Here

- | | |
|---|--|
| <ul style="list-style-type: none">• Use ChatGPT to write a professional estimate template you can fill out in 10 minutes on any job• Set up a 3-step automated follow-up text sequence for every quote you send out• Rewrite your Google Business profile using AI to rank higher in local searches | <ul style="list-style-type: none">• Build a simple FAQ page or chatbot for your website answering 'How long does it take?' and 'Do you offer warranties?'• Draft a post-project follow-up text asking for a Google review and referral in the same message• Create crew onboarding SOPs using AI — job site safety, client communication standards, quality checklists |
